SUN'S FIGURES VERIFIED.

No Important Changes from Those Given Yesterday.

THE SUN'S election returns printed yesterday morning were so wonderfully accurate that it is almost unnecessary to repeat them

The next House of Representatives will be Republican by a working majority of 19. Reports sent out by the Associated Press to the effect that the House would be Democratic are

Mr. Roosevelt carries the State of New York by a plurality of between 17,000 and 18,000. Revised returns were received in THE SUN office last evening from every county in the State verifying the figures of the day before.

In New York city the pluralities are substantially as given yesterday. Van Wyck's plurality in the Greater New York is 83,938, and in Manhattan and the Bronx 00,622. THE Sun. twenty-four hours ago, gave these pluralitles as 83,799 and 60,100. Mr. Woodruff, for Lieutenant-Governor, runs slightly behind Mr. Rosevelt for Governor.

The result in other States also maintains THE SUN'S accuracy of vesterday, except that possibly THE Sun was not liberal enough with its Republican pluralities. In Massachusetts the Republicans swept everything, giving Gov. Wolcott a plurality of 80,000. In New Jersey the Republican candidate for Governor goes in by 10,000 or 11,000. The Legislature is Republican, insuring the election of a Republican Senator in place of Smith, Connecticut, which somtimes goes Democratic, also turns up Republican to the core by about 16,000 plurality. Pennsylvania sustains its previous Republican record with a plurality of 150,000. Ohio sustains President McKinley and his Administration with a plurality of 60,-000. In Iowa the Republicans come out 62,000 shead. Michigan elects a Republican Governor by 75,000 plurality. Indiana shows 15,000 for the head of the Republican State ticket. Wisconsin makes a record of not less than 40,600 Republican plurality. Kansas Republicans elect their State ticket by more than 8,000 and name seven of the eight Congressmen. Nebraska repudiates Bryan and free silver. The Republicans elect four out of six Congressmen The Pacific coast States rival even the States in the East in their big Republican pluralities.

A feature of the election is the great Republican majorities given throughout the Union in Support of President McKinley and his policy Another feature is the total annihilation of the tree silver and Populist forces of the West. They have been snowed under an avalanche of sound-money ballots, seemingly, so deep that they cannot rise again.

INDIANA 15,000 REPUBLICAN.

The Legislature Is Also Republican on Joint INDIANAPOLIS, Nov. 9 .-- The Republicans have carried their State ticket by 15,000 plurality, have elected certainly eight Consressmen and probably another, Faris of the Fifth distric. They will have at least twenty on joint ballot in the Legislature, assuring the election of a Republican successor to Senator Turple. The State ticket plurality is proportionately as large as that given to McKinley. Until to-day the Republicans were badly wor-ried over the result in this city and county, but the fog that surrounded the returns for began to give way. When they saw daylight he re-election of Congressman Overstreet and Marion county's nine representatives. Overtreet will go out of Marion with 3,000 majorit, with only about 600 ugainst him in Johnson, the other county of the district, and that will elect him by 2.500, which is 1.388 less than the plurality he had two years ago. All other apublican Congressmen are elected by from 500 to 1.900 less pluralities than in the last readential year.

spublican Congressmen are elected by from 500 to 1800 less pluralities than in the last residential year.

The Congressmen certainly elected are: this district, James A. Hemenway (Rep.); becad, Robert W. Miere (Dem.): Third, W. T. Second, Robert W. Miere (Dem.): Seventh, Jesse Ossitzet (Bep.): Eighth, George W. Tromer Feb.); Ninth, Charles B. Landis (Rep.): Tenth, Sara D. Crumracker's Rep.): Eleventh, George W. Tromer (Bep.); Twolith, James M. Robinson (Bep.): Thirteenti, A. L. Brick (Rep.), George W. Sara of the Fifth district, whose deleat was conseded by the Republicans, is probably elected on a very close margin. This will resain the present political proportion of the delivative Republicans, is Democrats 4, with no change politically in any of the districts. The Logisature will be: Senato-Republican holdovers, 15; Republicans elected, 14; Democratic Republican selected, 26; Democratic elected, 46; Republican majority, 26. Bennorats elected, 46; Republican majority, 26. The Campaign just closed the Republican was supealed to the voters to support the McKiner Administration and sustain territorial extension. To this the money question was subordinated. The Democrate discussed almost wholly the silver.

BRYAN'S STATE REPUDIATES HIM. Republicans Elect State Ticket, Legislature

OMARA, Nov. 9 .- There is no longer any shadow of doubt that there has been a Repubican landslide in Nebraska. The Republicans have gained 20,000 votes, carrying the State by 7,000. There are some isolated districts to hear from yet, but the returns to come in can-not change the result. In addition to gaining the entire State ticket, the Republicans carry the Legislature, having 75 members and the fusion forces 58. This of course means n United States Senator to succeed Allon, and very likely Thompson of Lincoln will be the man. In the Fourth and Fifth districts the Republicans gain two Congressmen and very much reduce the majorities in the Third and Sixth. The Congresamen probably elected are: First district, E. J. Burkett, Bep.; Second. David H. Mercer, Rep.; Third, John B. Robinson, Fusion; Fourth, E. H. Hinshaw, Rep. Fifth, C. E. Adams, Rep.; Sixth, W. L. Greene

Just what caused the landslide is now the subject of animated conversation all over the State. There are two contentions along this line that are prominent, one element asserting that it is the spirit of antagenism to free silver that defeated the Fusion forces and the other asserting that it is the natural result of the feeling that an adverse vote at this time to the Republican party would mean a severe rebuke to the Administration's conduct of the war, which might hamper the President in arranging the terms of peace. Undoubtedly both arguments contributed to Republican success materially. The Republican platform as well as the tri-convention platform of the Fusion forces each contained financial planks, and the defeat of Fusion can be fairly considered a defeat for free silver. In the Second Congress district (Omaha) the financial issue was the real issue, and the fight reached the proportions of the old-time Bryan contest. Here David H. Mercer. Republican, opposed G. M. Hitchcock, the editor of the World-Herald, the free-silver organ that brought Bryan out and which Bryan edited for several years. All his arguments were along this line, and he did all he could to rally to his support all persons of free-silver features in this district, Col. Bryan came to Omaha early yesterday morning and paraded the street for several hours with Hitchcock, and any several heavy with Hitchcock, and any several heavy with Hitchcock, any any several hours with Hitchcock, any any several heavy with Hitchcock, any any several hours with Hitchcock, any any several heavy with the personal campaign. Therefore the overwhelming defeat of Hitchcock is declared by all sides to be an emphatic defeat of Bryan's hobby, and the significance of this feature is being generally dwelt upon by the empaign managers of all parties. It is stated generally that a considerable tund was provided by the national free-silver organizations to help Hitchcock, and his paper was filled with silver arguments during the earlier campaign. Senator Allen, Gov. Holcomb and other prominent silver men were brought to Omaha and spoke and worked for Hitchcock.

Republican State Chairman Snyder said tonight: "I attribute Republican seces largely to the feeling stirred up over the war and the fact that the average Nebraskan is disguisted with the administration of the allied sliver forces. The financial issues figures to a consider Republican party would mean a severe rebuke to the Administration's conduct of the war. Democratic Chairman Dahlman said to-night

"The claims of the Republicans are absurd. The State has not gone Republican to the extent they claim. Later returns will show the allied silver fusion forces on top, though of course the Republicans have made great gains. I attribute these gains to the failure of the Fusion forces to appreciate the importance of the clection and their failure to vote." PINGREE'S AMAZING VICTORY.

He Will Have a Plurality of Probably 75,000 in Michigan. DETROIT, Mich., Nov. 9.-Incomplete returns from seventy of the eighty-two counties in the

State show that Gov. Pingree has made a sur-prising run, and captured the majority vote in every county except Jackson and Lenewee. The latter is lost to him by a narrow margin of

forty-seven majority. The prediction of the Democrats and the anti-Pingree Republicans that the organized move to cut him would result in his downfall does not seem to have been true, as on a very light vote he has more than 63,000 majority. As the counties not heard from are "backwoods' counties and always strongly Republican, it seems probable that his majority will reach 75,000 in the State. Compared with the total vote of 1896, when he led President McKinley, his comparative majority is greater this year

vote of 1800, when he led President McKinley, his comparative majority is greater this year than then.

It is an open secret that the Democratic stronghoids voted for the Governor, and the disaffection engineered by the anti-Pingree, Democratic crowd was more than overcome even in the places where it was strongest by the Governor's immense personal following. Many of the close countles were carried for county offices by the strength of the head of the ticket.

The Republicans elect a solid Republican delegation to Congress. The Legislature is very nearly solidly Republican, and on it hangs the election of a successor for United States Sconator to J. C. Burrows, who is a candidate to succeed himself. Senator Burrows's private secretary and manager. Henry M. Rose, tonight gave out a statement that Senator Burrows had eighty-nine members of the Legislature and was sure to succeed himself.

The Michigan House of Representatives is composed of 100 and the Senate of 32 members, so that if Burrows has more than 70 he is sure of re-election. The probabilities all seem to favor the return of Senator Burrows, but at the same time Albert Pack's mahagers say that Pack has 69 votes pledged and that he will be elected Senator. Gov. Pingree favors Pack.

Everybody is surprised at the great majority Pingree received, and there is gild surprise that Gardage and Fordney were able to beat Todd and Brucker in the Third and Eighth Congress districts. No estimate of the total vote can be given at the present time, as nothing but majorities have been reperied. Not even in the year when the Republicans elected all but one member of the Legislature has the general Republican victory on country and Congress tickets been as great. The Pingree opposition is speechless with amazement.

THE VOTE IN TENNESSEE. McMillin, Democrat, Elected Governor by Nearly 20,000 Plurality.

NASHVILLE, Tenn., Nov. 9.-Partial returns from eighty-two out of ninety-six counties in the State have been received. Benton McMillin (Dem.) is elected Governor, defeating James A. Fowler (Rep.). A conservative estimate of McMillin's majority is from 10,000 to 20,000. The majority for the Democratic candidates for Railroad Commissioners will not fall very far behind these figures. The Democrats have elected their candidates in all the Congress dis-tricts except the First and Second, where the Republicans reflected Brownlow and Gibson by decreased majorities. The Legislature is Democratic by a good majority.

North Dakota Goes Republican. BISMARCE, Nov. 9 .- North Dakota elects B. F. Spalding, Republican, to Congress over H. M. Creel, Fusion, by probably 5,500 majority, and the Republican State ticket, headed by F. G.

Fancher for Governor, by probably 4,000. The Legislature will be Republican on joint ballot, insuring the election of a Republican United States Senator to succeed W. N. Roach, Demo-LITTLE ROCK, Ark., Nov. 9 .- To-day's returns from yesterday's Congress election in Arkansas in no way changed the estimates of last night's figures. While the vote was the smallest on record, it was all Democratic Arkansas will have six Democrats in Congress.

Citizens' Union Not a State Party. The Citizens' Union ticket failed to poli fore no Citizens' Union State, and there is there-agers of the Bacon campaign expected to poll 4,000 votes in New York city, but Bacon re-ceived only 729.

NEW YORK LEGISLATURE.

Republicans Will Have 4 Majority in the State Senate; 28 in Assembly.

The next State Senate will be as printed in yesterday's Sux, 27 Republicans and 23 Demo-crats. The Sun's list of Senators elected was correct. Complete returns from close Assembly districts increase the Republican majority in the Assembly to 28, making the joint ballot majority 32. Putnam county's official returns may show the election of the Republican candidate for member of Assembly, the Rev. James M. Yeager, which would increase the Republican majority to 36. Adrian H. Denn,

Republican majority to 36. Adrian H. Denn, the Democratic candidate, claims his election by a small majority.

New York county elected eight Republican Assemblymen. Complete returns from the Eighth district show the election of Charles S. Adler, Republican, by a majority of 105. Benjamin F. Glesson is elected in the Fourth Monree district, making the delegation from that county solidly Republican. John E. Patton, the Ropublican candidate in the Seventh Eric district, is elected, making the Eric delegation six Democrats to two Republicans. The Second Westchester district elects Joseph E. Ennis, Republican, and the First district of the same county elects John J. Sloane, Democrat. Irving Brown, the Democratic candidate, won in Rockland county.

CLOSE VOTE IN MIDDLETOWN.

A Tie Vote for Mayor—An Alderman Elected by 6 and Another by 8 Votes.

MIDDLETOWN, N. Y., Nov 9 .- Charles L. Elwood. Democrat, and Frank A. B. Pronk, Republican, are a tie for Mayor of this city. Each defeated for City Treasurer by 45, Alexander Finn, Democrat, was elected Alderman by 4 votes, and Francis M. Barnes, Democrat, had a plurality of 5 for Alderman. Middletown has eventy voters in Company I, First New York Volunteers, now at Honolulu. It was supposed this morning that when the soldier vote reached here in about four weeks these results would be changed, particularly in the case of Wallace, who resigned a Lieutenancy in the company and only returned from Honoiulu a few weeks ago. In response to an inquiry Secretary of State Palmer says that city nominations were not sent to the roldiers at Honoiulu. It is believed that the omicial canvass will change the vote on Mayor, as irregularities are said to have occurred in one of the districts. be changed, particularly in the case of Wallace

CLEAN SWEEP IN WISCONSIN. State Ticket, Legislature and Ten Congress men Are Republican.

MILWAUREE, Nov. 9 .- Corrected returns of publican victory than was at first reported. and the whole State ticket carried, but every Congressman in the ten districts was electe by the Republicans. The next Legislature is

overwhelmingly Republican. Of the 100 mem-

bers of the Assembly, 82 Republicans are elected. Of the 33 State Senators the Republicleeted. Of the 33 State Senators the Republi-cums will have 31.

The pluralities are not yet complete, but it is now estimated that the State went Republican by 40,000. Senator John L. Mitchell will retire as United States Senator pext aprins. The Logislature will choose his successor. The contest is between Joseph K. Quaries of Mil-waukse. Joseph W. Babcock of Necedah, Isaac Stephenson of Maginette and S. S. Cook of Nee-nah. There are several others in the field.

ONE REPUBLICAN IN TEXAS.

Hawley, Rep., Was Elected to Congress the Tenth District.

GALVESTON, Tex., Nov. 9.-The Congress representation of Texas in the next Congress will be twelve Democrats and one Ropublican. Although full returns are not in from the Although full returns are not in from the Tenth and Twelfth districts, enough has been received to show that Hawley, Rep. is elected by a handsome plurality. Niardea, Dem. has carried the Twelfth district by a majority estimated at 3.000 and over. The State has gone Democratic by an overwhelming majority, Eavers's majority for dioversor is estimated at 200,000 over dibba, Populist. It will be several days before complete returns are received.

Woodruff Runs 4,353 Behind Roosevelt in

The returns of the city vote printed in Tun Bun yesterday morning were so complete as to leave little to be added. Van Wyck's plurality in the greater city is 83,938, and in Manhattan and the Bronx is 00,622. THE BUN yesterday morning gave these pluralities as 83,700 and 60,100. The Associated Press pluralities were from 5,000 to 8,000 out of the way. The re-vised city vote for Governor and Lieutenant-Governor is interesting as showing how far Roosevelt ran ahead of Woodruff. It is as

RESULT IN MASSACHUSETTS.

Gov. Welcott's Plurality 80,000 Congress man Walker Defeated by 77 Votes.

BOSTON, Nov. 9.—Revised returns from all over the State show that Gov. Wolcott received a plurality of 80,393 over Bruce. The total vote of the State was 204,033. Wolcott had 187,213, and Bruce 106,820. In spite of the fact that there was an increase of about 25,000 in the total vote over last year, Wolcott's plurality was over 500 less than that over Williams last year. On the face of it this shows a net loss of about 20,000 for the Republicans,

net loss of about 20,000 for the Republicans, and that, while the Democrats got out every vote, the apathy among the Republicans was very marked and general. Of the two Congressmen lost one only will be of assistance to the Bryanites, Henry F. Naphen, who defeated Barrows in the Tenth.

Naphen is a hot free silver man, and will be a vigorous ally for the Chiengo platform men. John R. Thayer, who had the honor of defeating Joe Walker, is a gold Democrat and voted for Pulmer and Buckner in 18t. He is really sounder, although a Democrat, than was Walker. Walker was defeated by 77 votes, according to the latest showing. Two years ago Walker's majority was over 11,000. Mr. Fitzgerald in the Ninth was reflected by about 4,500 plurality, notwithstanding the fact that there were running against bim another Democrat and two Republican candidates.

The State Legislature shows a gain for the Democrats of twelve in the House and no change in the Senate. The standing at present is:

Senate—Republicans, 33: Democrats, 7.

House—Republicans, 164: Democrats, 67: Social Democrats, 2; Independents, 5; the Market and the standard of the control of

CLEAN SWEEP IN IOWA

State Ticket Republican by About 62,000 Solid Congress Delegation. DES MOINES, Nov. 9.-The entire Bepublica State ticket is elected by a plurality of about 62,000. Iowa also elects the entire Republican 62,000. Iowa also elects the entire Republican delegation to Congress. Gen, Weaver, Iusion candidate in the Sixth district, is defeated by about 1,000 by Major Lacey, Henderson, Dolliver, La. St. Circ. Garder, Tuji and diepburn are returned to Congress, and Thomas Hedges of Burlington. Haugen of the Fourth district, Metherson of Storm Lake and Lot Thomas of the Eleventh district are elected as new members. It is a sound-money delegation. The proposition to amend the Constitution, reorganizing the General Assembly districts, failed to carry. State Chairman Townsend claims that the Democrats have elected four Congressmen by the country vote, but refuses to state yet which ones these are.

NORTH CAROLINA'S VOTE.

The Republicans Get Two Congressmen Scheme to Impeach Gov. Russell. RALEIGH, N. C., Nov. 9.-The late returns show that the Republicans have elected two gressmen. Linney in the Eighth district

and George H. White, the negro, in the Second district.

The Democrats elect Small in the First district. Thomas in the Third, Atwater in the Fourth. Kitchen in the Fifth, W. Bellamy in the Sixth. Klutz in the Seventh and Crawford in the Ninth.

Democratic majorities for the Legislature candidates continue to increase and the Democrata will control that body by a two-thirds vote, Gev. Russell may be impeached when the Legislature meets.

CONNECTICUT IS SOLID.

Republicans Elect State Ticket, Legislature and Four Congressmen.

NEW HAVEN, Nov. 9 .- Connecticut has again gone Republican in every political department, including a full State ticket, four sound-money Congressmen and both branches of the Legis lature. The State ticket led by about 16,000 lature. The co-plete vote for Governor in the 168 State towns was: Lounsberg (Rep.), 80,732, and Morgan (Dem.), 64,293, against 168,877 Republican in 1896 and 56,524 Democratic. The Senate will be composed of 20 Republicans and 4 Democrats, and the House of Representatives of 193 Republicans and 75 Democrats. There were no Democrats in the last Senate and only 29 in the last House of Representatives.

SOLID IN VIRGINIA.

All the Congressmen-Elect in the Old Do-minion are Democrats.

RICHMOND, Va., Nov. 9 .- Virginia will send a solid Democratic delegation to Congress. All the ten Democratic nominees have been lected, according to returns received late last night and to-day. The hardest fight was in the Ninth district, where Judge William F. Rhea, Dem., opposed Gen. James A. Walker, Rep. Judge Rhea has probably defeated Gen. Walker, Rep. Judge Rhea has probably defeated Gen. Walker by from 1.000 to 1.500 majority. The other Democrats won by from 2,500 to 12,000. The Democratic p urality on the vote for Congressmen in the State will be somewhere between 40,000 and £0,000.

SOUTH DAKOTA.

Republicans Control the Legislature-The State Ticket in Doubt. SIOUX FALLS, Nov. O .- The State is still in

doubt as far as Governor is concerned. Both parties are claiming the election of their canparties are claiming the "election of their can-didates. It will probably take the official can-vass to decide who is elected. Gamble, Repub-lican, for Congress, is surely elected, and the indications are that Burks. Republican, has been elected by a small majority. He may be beat, however, by Knowles, Populist. The Re-publicans will have good working majorities in both branches of the Legislature.

Idaho Carried by the Fusionists.

Bozaż, Idaho, Nov. 9.-The Fusion ticket has parried the State by pluralities ranging from 5,000 to 8,000, and the Fusionists will control the Legislature. From forty-seven precipets, making up one-eighth of the State. Steunenberg, Fusionist for Governor, gets 3.083; Moss, Republican, 2.021, and Anderson, Populist, 557. Wilson, Fusion, for Congress, received 2,532; Heyburn, Republican, 1.020, and Gunn, Populist, 839.

May Be a Congress Contest from Maryland ANNAPOLIS, Md., Nov. 0.—The closeness of the Congress election between Frank C. Wachter, Rep., and Dr. John B. Schwatka, Dem may cause a contest in the House of Representatives if the Democrats have a majority. Mudd, who was reflected yesterday on the Republican ticket, was seated some years ago over Compton, Dem., but these tactics will probably not be resorted to in Mudd's case, as he has a large plurality.

RE DECLARED AT PRESENT.

Sympathizes with the Czar's Proposal, but England Must Prepare for Danger-Our Advent in Asiatic Diplomacy. Special Cable Despatch to THE BUN.

LONDON, Nov. 9 .- There was the customary assemblage of Ministers, Judges, naval and military officers and other prominent men at the banquet given by the Lord Mayor to-night. The principal speech of the evening was made by Prime Minister Salisbury, who, in the course of his remarks, said that the Government had quite recently to consider the question of a European war, though not at a very near distance. The result had turned out happily. It seemed possible at one moment that it would be otherwise, but the great judgment and common sense displayed by the French Government in circumstances of unusual difficulty had relieved Europe of a very dangerous and threat-ening storm. While matters were to some exout in suspense it was necessary for the British Government to adopt precautions to prerent its being taken unaware. The immediate necessity for precautions had now passed but it was not to be assumed because precautions had not stopped immediately that they indicated the continued proximity of

Lord Salisbury dwelt upon the guesses that have been made as to the purpose of the naval activity in England, including the conjecture that the Government intended to declare a protectorate over Egypt. He said in connection with this subject: "I cannot rise to that aspiration. If we are forced by others into a position we do not now occupy I do not venture to prophesy what will take place, but though I do not say that we are entirely com-fortable, we are quite sufficiently satisfied with he state of things as they at present exist. I do not think there is any cause at present to mod-ify, and I carnestly hope nothing will arise to necessitate a modification, of our position in Egypt, for I am convinced that the world would not get on as peaceably as now if such a neces-sity was imposed on us."

The Prime Minister expressed sympathy with the Czar's disarmament proposal and paid a tribute to the motives that prompted the re-script, but, he said, while earnestly concurring with his Majesty's views, he thought until his aspirations were crowned with success the Government must continue to take precau-tions to meet the dangers which the present state of the world everywhere revealed. He added:

"In some respects the era of this great proposition, which, I think, will be an epoch in the history of man, has been marked by unhappy omens. It is the first year in which the mighty force of the American republic has been introduced among the nations. I am not refusing sympathy to the citizens of the republic in the difficulties through which they have passed, but nobody will deny that their appearance among the factors of Asiatic, and possibly European diplomacy, is a grave and serious event, which may not conduce to the interests of peace, though I think it is likely to conduce to the interests of Great Britain.

The concluding passage of Lord Salisbury's speech revealed apprehension that troubles were likely to arise with great suddenness in any direction, for which reason Great Britain ould not intermit her defensive precautions.

The newspapers in their editorials this morning show dissatisfaction with the speech of Lord Salisbury. The Ministerial Standard

finds the Prime Minister's deliberate vagueness not reassuring, and says that it increases rather than allays anxiety. The Daily News (Liberal) asks where is the danger of war. It adds that if Lord Salisbury

meant anything by his reference the American situation is evidently somewhat serious. If he meant nothing it was very ill advised to publicly indulge in a fit of diplomatic blues in such a sensitive time.

The Times thinks that the country will be

content for the present with the knowledge of the British position in Egypt, but says that Lord Salisbury's warning regarding a possible compulsory modification of that position is a

erious one.
The Chronicle (Radical) complains that Lord aliabury has left the situation more disquieting than he found it. The paper is indignant with his maladroit remark ceneerning the United States, and declares that nothing could be more unfortunate or even more offensive. It repudiates he idea that the entrance of the United States into the world of politics would either make for war or be a partisan advantage for Great

BRITISH COMMENTS.

Roosevelt's Election Regarded with Great Satisfaction.

Special Cable Despatch to Tax Bux LONDON, Nov. 10.-Pending the receipt news giving the complete results of the American elections the London press finds it difficult to express a definite opinion on the general question, but Col. Roosevelt's success everywhere welcomed. The Standard says i a matter for very cordial congratulations that the party of clean, wholesome State government received opportune reinforcement.

The Daily Neces, commenting on Col. Roose-velt's election, says it is a distinct triumph for the best elements in American politics.

The Morning Postsays it is a distinct triumph

for President McKinley's policy. The Daily Mail says it is a great satisfaction to all who consider that honesty and patriotism give claim to political honor.

The Chronicle says that every friend of hon est administration will be delighted in this country, where Col. Boosevelt's high character is well known. It adds: "We rejolee equally with the Republicans."

The Daily Graphic says that Col. Roosevelt's election is distinctly a subject for congratulation.

The Times says that Col. Roosevelt's name and antecedents are sufficient guarantee of an honest administration for the next two years It adds that the chief significance of hi election is that it creates a formidable rival to Mr. McKinley for the Republican nomination for the Presidency in 1900. The Times thinks that the nation's answer to the great questions of public policy is haiting and ambiguous. It is difficult to say that the verdict of the elections confirmed the President's judgment, but it certainly has not condemned it.

FOUR NEGROES LYNCHED.

Result of Election Rioting in South Caro lina-Body of Armed Men Called For. COLUMBIA, S. C., Nov. 9.-Four lynchings occurred this afternoon as a result of the election riots at Phoenix. About 5 o'clock a large crowd of armed whites came upon another crowd of their men who had eight negro prisoners at Rehobath Church. At first the crowd was very quiet, but gradually their passions rose. Twice they were quieted. Then nothing could stop them. One of the negroes was dragged out into the road and riddled with bullets. While this was being done four of the negroes man aged to escape. The remaining three were then lynched without ceremony. One of the fleeing negroes was wounded.

The most serious trouble is yet expected to occur. At midnight the news comes that the negroes are massed in the vicinity of Phoenix and are in large numbers. The despatch says a serious conflict is expected to occur at any moment. This despatch also says that six negroes have been shot as a net result of the day's work.

the Governor and Adjutant-General from re-liable men in the neighboring towns asking that weapons and ammunition be sent then for protection. The requests have not been granted.

At midnight to-night a request was tele graphed here for 350 armed men to be sent to Greenwood on a special train. It is not known whether such a party will go or not. POPULISM DEFEATED IN KANSAS.

Republicans Elect Their State Tieket by 8,000 and Seven of the Edicht Congressmen. TOPEKA, Nov. 9.-The Republicans have carried Kansas for their State ticket, and have elected seven of the eight Congressmen. The majority on the State ticket will reach 8,000. Fully 35,000 farmers refused to vote, and this surprise, which did not dawn on the managers until the returns began to come in from the until the returns began to come in from the country districts this morning, gave the Republicans the victory. It is believed that three-fourths of the stay-at-home vote went to Bryan two years ago, but the good times and advanced prices for stock and farm products during the past two years convinced them that sound money was better than the theories advanced by Mr. Bryan. These Congressmen are elected: At large, W. J. Balley, Republican; First district Charles Curtis. Rermblican; Rescond district Charles Curtis. Rermblican; Rescond dis-Age, W. Jamey, Lepublican; First dis-, Charles Curtis, Republican; Second dis-, J. D. Bowersock, Republican; Third dis-, E. R. Ridgely, Popullat; Fourth district, Miller, Republican; Fifth district, W. A. derhead, Republican; Sixth district, W. M. der, Republican; Seventh district, Chester ong, Republican.

LANDSLIDE IN WASHINGTON.

The Republicans Win the Legislature and the Two Congress

TACOMA, Nov. 9.—The Republicans of Washington elect Frank W. Cushman and W. L. Jones to Congress by 3,500 to 4,500 plurality and two Supreme Court Judges. The Legislature is overwhelmingly Republican.

The entire State is surprised at the landslide which has overcome Populism and free silver-ism by such a decisive vote. This vote shows cent, of the voters of the State. Eastern Wash cent. of the voters of the State. Eastern Washington counties, which went fusion by 1,000 to 3,000 two years ago, gave Republican pluralities yesterday. Incomplete returns indicate that eight counties give slight fusion pluralities, the others going Republican. Tucoma and Spokans lead the Republican column with 600 plurality each. Scattle gives a small plurality. The Republicans are holding joilification meetings to-night all over the State.

WEST VIRGINIA'S RESULT.

Republicans May Get All of the Congress men-Legislature Republican.

WHEEPING, W. Va., Nov. 9 .- Late returns from every district of West Virginia are such as to cause a renewal of Republican hopes, so nearly stifled by the reports received early this morning. The Republicans have re-elected B. B. Dovener to Congress in the First district by a majority of about 1,800, have elected Judge a'majority of abbut 1,800, have elected Judge Romeo H. Freer in the Fourth district by about 1,000 majority, have probably re-elected Alston G. Dayton in the Second district, his own estimate being 840 majority, and besides have a splendid fighting chance to get a majority in the House. Should they lose here, though, they can elect a United States Senator on joint ballot. In the Third district the Democrate claim the election to Congress of Judge David E. Johnson by a majority of 1,000. Republicans, however, claim the election of William S. Edwards.

UTAH IS DEMOCRATIC. Roberts, a Polygamist, Elected to Congress

by About 10,000. SALT LAKE CITY, Nov. 9 .- The returns at

hand indicate the election of Roberts (Dem.) for Congress by possibly 10,000 plurality. The Democratic candidate for Congress in 1896 received 19,500 plurality. The falling off in the ceived 19,000 plurality. The falling off in the Democratic vote is due in part to the fact that Roberts, the Democratic condidate, is a polygamist. Sliver was not so great an issue as in 1888, as each of the three parties adopted a free coinage platform, and there was no atraightent gold standard candidate in the field. The Democrats, with eight holdover Benators, will have 40 to 45 of the 63 members of the Legislature. A successor to Senator Frank J. Cannon will be elected.

SOUND MONEY WINS

The Next Congress Is Surely Republican.

16 MAJORITY IN THE SENATE

It Is Nineteen in the House of Representatives.

Republican Gains Everywhere Except in New York, and a Senator Here-Practically No Change in The Sun's Tables of Wednesday-Great Slumps in the West in the Strongholds of the Silverites and the Pops-The Country Stands Firmly by President McKinley.

THE SUN yesterday morning announced that the next House of Representatives would be Republican by a good working majority. Its returns had been carefully collected from every Congress district. The Associated Pressent out reports that the House would be Democratic. THE SUN compared its own reports with those of the Associated Press, and wherein they differed in any district THE SUN sent a despatch yesterday to that district in order to verify its reports of Wednesday morning. The results, as printed below, show that THE SUN of yesterday was right. The Republicans have elected 188 members, the Democrata 161, and the Populists and Independents S, giving the Republicans a clear majority over all of 19. THE SUN'S figures have been obtained with the ntmost care and with every attempt to make them accurate. They may be trusted accord-

ingly. Friends of sound money flud much encour agement in the result of the Congress elections. Not only is there a working majority of Republicans in the House, but many of the Democrats elected are known to be sound money men, or it is known that they actually ran on a sound money platform. Mr. McAleer of Pennsylvania and Mr. Thayer of Massachusetts, both run as soundmoney Democratic candidates. In New York Mr. Underhill of the Westchester district is known to be as good a sound-money man as any Republican in Congress, although he, in common with all the other Democratic candidates in the State, kept silent on the subject during the campaign. Mr. Jacob Ruppert, Jr., and Mr. Jefferson

M. Levy were also known sound-money men. It was said that two of the Democratic Congressmen at least who have been elected in Brooklyn had promised Mr. Shepard and other sound-money leaders that under no circumstances would they be for any other than sound-money measures in Congress. There, of course, must be other soundmoney Democratic Congressmen from other States, especially in the States where the Democrats either refused to approve the Chicago platform or passed sound-money resolutions in their State conventions.

Full returns of Tuesday's elections make few changes in THE SUN's forecast of the political status of the United States Senate in the Fifty-sixth Congress. The Republicans gain a Senator in each of the nine following States: California, Delaware, Indiana, Maryland (Republican already elected), Nebraska, New Jersey, New York, North Dakota, West Virginia and Wisconsin. These changes will give the Republicans a clear majority to work in harmony with the Republican House of Representatives and the Republican Executive. The present Senate contains 44 Republicans, 34 Democrata. 5 Populists. 4 Silver Republicans. 2 Silverites. and 1 Independent. The silver men, however, have had a majority of ten on all test questions.

In the new Senate the Republicans will have 53 Senators out of a total of 90. The following are the Democratic Senators who will give way to Republicans on the 4th of March, 1899; Stephen M. White, Californias George Gray, Delaware ; David Turple, Indiana ; Arthur P. Gorman, Maryland; William N. Allen. Nebraska; James Smith. Jr., New Jersey: Edward Murphy, Jr., New York: W. M. Rosch, North Dakota; Charles J. Faulkner, West Virginia, and John L. Mitchell, Wisconsin.
